THANKS

Thanks to all the Owners who have sent Supplemental Dues payments in support of the Bridge Project .

To date we have received payments for 16 of the 32 parcels served for a total of **\$40,000**.

REMINDER

For those who have not yet been able to send in their Supplemental Dues, please do so as soon as possible.

We need to sign a contract with the bridge supplier by August 1, 2011. He will request a 50% deposit with amounts to \$34,000. Additionally we don't want to commit to the final date until we have 75% of the amount collected just to ensure we don't initiate a project that we cannot afford.

Carol will send duplicate invoices on August 1 for any outstanding amounts.

If anyone has any new or remaining questions about the project, project costs or timing of payments please don't hesitate to contact any member f the Road Committee.
